All Burs are 100% braze tested for strength and safety.

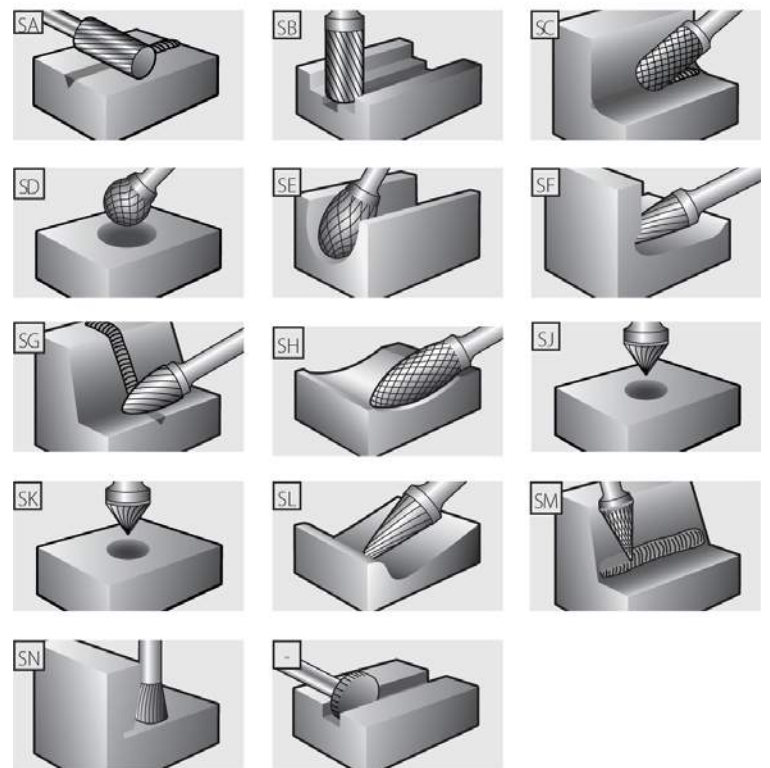

Our end cut Burs are produced with 'skip flute', giving improved cutting action on the bur end.

Range

	Coated Burs
	Standard Burs
	Extra Long Burs
	Miniature Burs
	Specials
	Non Ferrous

Shape

Cut Style

Standard Cut

General purpose deburring for use on most ferrous metals

Double / Diamond Cut

Universal cutting style for use on most ferrous metals

D-Max / Coarse Cut

Extra strong tooth formation for fast metal removal

Aluminium Cut

Avoids clogging teeth and ensures smooth operation, ideal for aluminium, brass and soft materials

Remember Lasswell's broad inventory for all of your Garryson® products.
