“Every day they continued to meet together in the temple courts. They broke bread in their homes and ate together with glad and sincere hearts, praising God and enjoying the favor of all the people. And the Lord added to their number daily those who were being saved.” (Acts 2:46-27)

Many of us who grew up in the church are old enough to remember the glory days of the church. Following World War II, men returned from the war and young families began to build homes in the suburbs. In the late 1940s and early 1950s the church was already becoming more diverse. It was in this atmosphere that the church thrived. You could open the door of a new building and people just showed up. The church was part of the dominant culture, but as we entered into the 60's, 70's, and 80's, the church began to lose its influence and prestige. In a sense, the church returned to its natural roots. We returned to and we are a remnant church culturally. By this we mean that the church has historically lived most of its life on the margins of society.

This is the challenge the church faces in this century. How do we present the church in the most effective way possible? We can no longer go door to door to tell people about God and the church. In many cases, we don't know our neighbors. Direct mailing is no longer effective. So, we must change the way we do church. We do, however, have social media and we also have our most effective tool available – our personal testimony! We as church leaders, all people who follow Jesus, need to be able to precisely explain how God has touched our lives. We must be able to empower and train the next generation of sisters and brothers how to share their story. This is the way the early Disciples spread the Gospel. It is the method that worked for Barton Stone and Alexander Campbell as Disciple folk shared their faith on the American frontier. It's the way that God is calling Disciples to witness to the living Lord in our time.

Question for Reflection: What is your congregation doing to prepare for the shift that has already taken place?

It's a beautiful day in Little Rock! I pray that the Sun and the Son are shining throughout your states of ministry as well!

This is a reminder that the Oreon E. Scott deadline is approaching on June 1. Click [here](#) to download the guidelines and application. If you have a grant that you want to submit, please know that the Great River Region has to partner on all grants coming out of our Region. And I welcome the opportunity to strategize and come up with creative ways to get funding for the ministries and projects that may interest you and your congregation.

For a while now, Don Morrow, Pastor at FCC and Waterway CC in Bentonville, and Shawn Wallace, Pastor at FCC Rogers, have been throwing around the idea of supporting small and struggling churches throughout the region who are without a pastor, by providing a satellite for pastoral leadership. If you are interested in hearing more about this, or if you know of a struggling congregation without a pastor that may be interested, please send me an email - drnburton@grrdisciples.org.

We are also submitting a grant for the Mission Insite funding proposal that we have been sharing with clergy groups over the two months. This grant would be in addition to what you are able to give: **Remember 40 churches giving \$65 would take care of a one year contract?** With a three year project, we could focus on studying our target areas throughout the three states, provide workshops and seminars on church decline and growth, pray and discern creative ways to meet the needs in our communities, provide support and visioning for closing churches, and seek out potential new church opportunities.

“In addition, I just learned of the Black Leadership Project Grant deadline. There may be opportunities to submit a proposal to this grant governing body as well.”

Have a blessed week!

Mission Insite has developed the best target demographic service on the market for churches. It will allow us the opportunity to develop target community profiles for each congregation in the Region, based on age, ethnicity, education, income, spiritual needs, lifestyles, life goals, with 71 mosaic groups, and 600 variables.

If we can get 40 congregations to donate \$65, this would pay for the service for one year. We are soliciting donations because this is not a budgeted item. If you would be willing to share in the cost of this service (\$2600 for a one-year contract), please send your donation to the Great River Region (9302 Geyer Springs Road, Little Rock, AR 72209) designated for Mission Insite. The Regional Office will be in contact with you to get you started on your target community profile this summer.

Oreon E. Scott Grant Applications - due June 1, 2017

Grants have to be written and submitted in conjunction with the Regional Office. The maximum grant amount is up to \$15,000. With a June 1st deadline, we have time to think, vision, and write a well-thought out grant.

You may, or may not, know that while serving at New Church Ministries, I wrote a significant number of small grants for leadership summits, training and development, and internships. I am well acquainted with the systems and structures that house and monitor these grants. If you are interested in hearing more, please feel free to reach out to me at drnburton@grrdisciples.org.

Juliette Fowler Communities is thrilled to announce that the congregations of the Christian Church (Disciples of Christ) were selected to receive the **2017 Erika McKenzie Volunteer Award** at the *5th Annual Visionary Women Luncheon* on **Friday, May 12, 2017**. *The Rev. For 125 years, the Christian Church (Disciples of Christ) has embraced Juliette Fowler Communities providing care, support and love for children and aged adults. Fowler's care ministries help children and older adults realize the maximum of their potential as human beings created in the image of God. The support of Disciples throughout the Southwest and Great River Regions has ensured that those we serve experience a fullness of life as God intends.

Thank you for sharing the deeply sympathetic nature of Juliette Fowler and for being as she was - a sharer of the joys and griefs of others. www.fowlercommunities.org

PHILLIPS SEMINARY

Wrestling. This is what we hear from many of you thinking about a seminary degree.

- You're wrestling with your calling
- Wrestling with the financial and time commitment
- Wrestling with how acting on God's call on your life will change you and affect the people around you

We will help and guide you as your wrestling moves to a decision to live and lead in the way of Jesus, to bring hope to the world. Learning and living the way of Jesus is challenging work. At PTS, we strive to educate the whole church to be responsible biblical and theological interpreters.

Whether you're a clergy candidate, a member of a congregation, or a seeker with questions, Phillips can provide you with a diverse, ecumenical community to explore what "the way of Jesus" means that is distinct in this part of the United States.

Phillips Theological Seminary offers a Diploma and Certificate, a Master of Divinity, a Master of Theological Studies, a Master of Arts in Social Justice as well as a Master of Arts in Ministry & Culture, AND a Doctor of Ministry program. For more information, www.ptstulsa.edu.
