Pro-Reconciliation, Anti-Racism Training is designed for clergy and lay leaders within and around the Great River Region. The training fulfills the requirement for standing for Ordained and Commissioned Ministers. It is an opportunity to engage with colleagues and other leaders around issues of race and diversity. Trainers for the Anti-Racism Training will be assigned through the Office of Reconciliation Ministries.

"The Elder as Leader" Training is a pilot track designed for newly called or long-time Elders who desire to gain a deeper understanding of the call, gifts, talents and leadership characteristics and spiritual development needed to function in a shepherding role of support to local pastors and congregations.

The workshop facilitator, Deborah DeWitt, is an Ordained Elder at Mississippi Boulevard Christian Church (DOC), in Memphis, Tennessee, where she has served for more than 20 years in the role of Elder. She is an educator and servant, who aspires to train and equip the body of Christ for effective service.
