Water Commissioners:  
Kenneth Fontes, Chair  
David Andrade, Clerk  
James Moran, Member

April, 11, 2025

Onset Water Customers: Attention

Annual water main flushing program will begin April 14, 2025 continuing until the end of April. Please wait until Water Dept. personnel have completed flushing in your area before running your water. If you experience discolored water, please run cold water only until clear, normally water will clear within Five (5) minutes. If you continue to experience discolored water an hour after personnel have completed work in your area, please call the office.

Office: 508-295-0603

Thank you for your patience while we perform this important work.

A handwritten signature in blue ink, appearing to read "David Candeias". The signature is fluid and cursive.

David Candeias
