25.0 Purchases and Procurement

Policy: All procurements made by CIS of Greater Central Texas, Inc. will be made in accordance with the following procurement standards. Procurement transactions shall be procured in a manner that provides maximum open and full competition consistent with the standards of 24 CFR Sections 84.41 through 84.48. Where no competition exists, or where it is not cost effective to obtain competitive bids, documentation shall be maintained which substantiates why there was a deviation from full and open competition. CIS of Greater Central Texas, Inc. shall not engage in procurement practices, which may be considered arbitrary or restrictive.

Procedures:

- 25.1 All purchases must have approval before the purchase is made.
- 25.2 The Director of Finance reviews the purchase to be certain that it is reasonable, necessary, allowable, and allocable.
- 25.3 The Director of Finance must approve all invoices and/or purchase orders for payment.
- 25.4 The Executive Director approves all purchases over \$500.
- 25.5 All procurement documentation, including phone quotes, must be recorded and kept on file.

- 25.6 For procurements over \$4,999.99, the Executive Director will notify the Board Chair and/or Treasurer of the need for the item/service.
- 25.7 For procurements over \$4,999.99, the Executive Director and the Director of Finance will provide all documentation acquired during the procurement process to the Board Chair and/or Treasurer for recommendation.
- 25.8 The Executive Director will have final approval.
- 25.9 Procurements over \$500 shall be made using one of the following methods: (a) small purchase procedures, (b) competitive sealed bids, (c) competitive negotiations, (d) non-competitive negotiation and shall be made in accordance with procedures set forth at 24 CFR § 84.44 (a)(1) through (a)(3) at a minimum.

Methods of Procurement:

a. Small Purchases

i. (\$500 - \$1,000)

Single item purchases which cost between \$500 and \$1,000 will require three over-the- telephone quotations of rate, price, etc. A memorandum will be prepared setting forth the date calls were made, parties contacted and prices obtained. For purchases of less than \$500, efforts will be made to get the lowest and best price, but written records of such efforts are not necessary.

ii. (\$1,000 - \$10,000)

Purchases of supplies, equipment and services which cost between \$1,000 and \$10,000 will require written estimates but no legal advertisement is required. CIS of Greater Central Texas, Inc. will solicit written responses from at least three vendors, and if no such responses are available, a statement explaining the procurement will be prepared and filed.

b. Competitive Sealed Bids

i. (Exceeds \$10,000)

Bidding will be employed when detailed specifications for the goods or services to be procured can be prepared and the primary basis for award is cost. When the cost of a contract, lease or other agreement for materials, supplies, equipment or contractual services, other than those personal or professional, exceeds \$10,000, an Invitation for Bids (IFB) notice will generally be prepared. This notice will be published at least once in the local newspaper of general circulation. This newspaper notice will appear not less than seven (7) days and not more than twenty-one (21) days before the due date for bid proposals. CIS of Greater Central Texas, Inc. may also solicit sealed bids from responsible prospective suppliers by sending them a copy of such notice.

c. Competitive Negotiations

CIS of Greater Central Texas, Inc. will use competitive negotiations upon a written determination that:

- Specifications cannot be made specific enough to permit the award of a bid on the basis of either the lowest bid or the lowest evaluated bid price (in other words, bidding is not feasible).
- The services to be procured are professional in nature.

With the exception of certain professional services (principally engineering services), competitive negotiations will proceed as follows:

- Proposals will be solicited through newspaper advertisement; additionally, a Request for Proposal (RFP) may be prepared and mailed to qualified vendors. The newspaper advertisement must be published at least seven (7) days and not more than twenty-one (21) days before the date for receipt of the proposals. The RFP will describe services needed and identify the factors to be considered in the evaluation of proposals and the relative weights assigned to each selection factor. The RFP will also state where further details regarding the RFP may be obtained. The RFP will call attention to the same regulations discussed in the bidding process. Requests for proposals will always include

- cost as a selection factor.
- Award must be made to the proposal determined in writing by the CIS of Greater Central Texas, Inc. to be the most advantageous to CIS of Greater Central Texas, Inc. Evaluations must be based on the factors set forth in the Request for Proposal and a written evaluation of each response prepared.

For the procurement of certain professional services, an alternative to RFP's may be used. CIS of Greater Central Texas, Inc. may publish a Request for Qualifications. RFQ's are handled in a similar method to RFP's with the exception that cost is not a factor in the initial evaluation. CIS of Greater Central Texas, Inc. will evaluate the responses and rank them by comparative qualifications. The highest scoring person or firm will be contacted and the Director of Finance will negotiate cost.

d. Noncompetitive Negotiations

Noncompetitive negotiations may be used for procurements in excess of \$10,000 when bidding or competitive negotiations are not feasible. CIS of Greater Central Texas, Inc. may purchase goods and services through non-competitive negotiations when it is determined in writing by the Board of Directors that competitive negotiation or bidding is not feasible and that:

- i. An emergency exists which will cause public harm as a result of the delay caused by following competitive purchasing procedures, or
- ii. The product or service can be obtained only from one source, or
- iii. The contract is for the purchase of perishable items purchased on a weekly or more frequent basis, or
- iv. Only one satisfactory proposal is received through RFP or RFQ, or
- v. The state has authorized the particular type of noncompetitive negotiation (e.g., the procurement of services by an Area Development District).

- I. Procurement by noncompetitive negotiation requires the strictest attention to the observation of impartiality toward all suppliers. CIS of Greater Central Texas, Inc. must approve all procurements by noncompetitive negotiation when only one supplier is involved or only one bid or response to an RFP/RFQ is received.
- II. Bids will be accepted only from those contractors who have a proven record of ability to successfully complete the scope of work being bid. References will be requested along with the contractor's bid proposal. Any contractors submitting a bid must produce (along with his/her bid documents) written proof of liability insurance and worker's compensation coverage. Consideration will be given to such matters as contractor integrity, compliance with public policy, record of past performance and financial and technical resources in awarding contracts.
- III. Upon submission of a bid, the contractor will present a bid guarantee equivalent to 5 percent of the amount of the contractor's submitted bid. Unsuccessful bidders will have their bid guarantee returned to them with the notice, which advises them they are an unsuccessful bidder. The successful bidder will post (at the signing of the contract and notice to proceed) a performance bond equal to 100 percent of the contract amount, along with a payment bond equivalent to 100 percent of the contract amount.

Selection:

All proposals accepted shall be reviewed. Initially, proposals must be reviewed for completeness. If a proposal is incomplete, the procuring contractor may either contact the proposers to obtain additional information or declare the proposal unresponsive, thereby eliminating it from further consideration. Communities In Schools of Greater Central Texas, Inc. will ensure that respondents are not organizations listed on neither the federal debarment list nor corporations delinquent in a tax owed to the State under Chapter 171, Tax Code.

Proposals will be evaluated based on reasonableness of cost/price; technical evaluation of responses to include:

- Quality of services offered
- Operating characteristics
- Technical innovations
- Administrative capability
- Compatibility with the applicant's other ongoing programs
- Previous experience in providing the same or similar programs
- A review of monitoring reports, goal attainment, and program outcomes

The Executive Director and the Director of Finance will provide documentation along with a comparison sheet to the Board of Directors to obtain a recommendation for the award. The Executive Director will have the final approval. The State Office will be utilized for direction and guidance on the process when State Compensatory Funds are to be used.
