

Our Mission

is to surround students with a community of support, empowering them to stay in school and achieve in life.

CIS helps over 5,500 students achieve success both outside and inside the classroom every year. You can also help make a difference in the lives of the students and families we serve. Here's how:

- ★ Make a tax-deductible donation via our website at www.cis-tx.org or mail it in to our Central Office.
- ★ Honor a friend, loved one, mentor, or teacher with a special gift to CIS in their name.
- ★ Shop using AmazonSmile and choose Communities In Schools of Greater Central Texas as your charity.
- ★ Host a School Supply Drive, Shoe & Sock Drive, or Winter Coat Drive.
- ★ Raise your voice and urge your elected officials to invest in kids.

We owe it to our youth to demonstrate that we are all in this together for their future success.

Help us empower students to confront and overcome personal challenges and structural barriers. At home, at school, and beyond — kids need you!

**IN SCHOOLS
TO HELP KIDS
SUCCEED.**

Our Focus

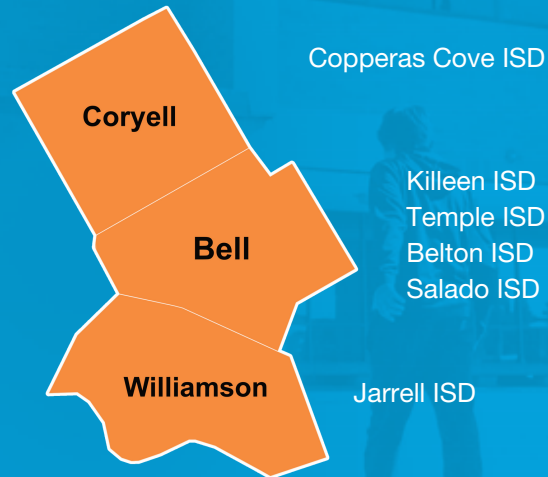

We believe that relationships, not programs, change the trajectory of at-risk students' lives.

So, at Communities In Schools, we amplify the power of each student's potential by connecting them to caring adults and community resources designed to help them succeed. We're by their side every day, supporting them in ways that go beyond the classroom. And, across communities, we knit together a powerful network of partners—including businesses, volunteers, social service agencies, healthcare providers, and educators—that help them stay focused today, so they can go further tomorrow.

Whatever it takes. However they need us. We're in schools to keep kids in school.

Our Footprint

Across greater Central Texas, we partner with over 50 schools and 6 school districts to surround students with a community of support.

Our Students

Without the right supports, children throughout greater Central Texas are most at risk for missing school, dropping out, and failing to earn a high school diploma.

CIS identifies student needs and puts a plan in place to address those needs, they continue to meet with students, families, teachers, and providers to make sure the supports are working. By setting goals with individual students and the school as a whole, they are able to monitor progress and adjust supports accordingly.

At CIS, we believe that every student has what they need to realize their full potential in school and beyond. We walk by their side, in their communities, to challenge the systems and barriers that stand between them and their success in life.

In schools to MAKE CONNECTIONS

Our Approach

We know that at-risk students are not statistics and there is no one-size-fits-all solution to the challenges they face. That's why the Communities In Schools model is designed to be adaptable to their unique needs.

Whether it's helping them find a safer place to sleep or opportunities that prepare them for the college and careers of their choice, we connect students with the support they need to learn at their best.

Our commitment to the students we serve also keeps us focused on results. In thousands of schools across the country, we know that our approach works because it's backed by 40 years of experience and rigorous research.

In schools to REMOVE BARRIERS

As the nation's leading provider of integrated student supports, Communities In Schools is uniquely positioned to assist in reengaging students in their learning while also working with school leaders and personnel to create equitable learning environments for all students.
