

Nov. 2, 2020—**URGENT PRAYER REQUESTS—Nepal**—Due to the COVID-19 pandemic, there is a shortage of ICU beds and ventilators in the capital. Pray for the government to develop effective strategies to combat the virus and to demonstrate servant leadership. More than 300 people have committed suicide since the lockdown began; others have died due to lack of treatment and hunger. **Africa Regional Office**—Last week another Christian worker was reportedly abducted in the region. Please pray for the continued safety of Alliance international workers throughout the continent. Migrants from West Africa continue to try to reach Europe in hopes of a better life. More than 250 people have died this year attempting to cross the open waters into countries like Spain. Pray for Alliance workers in Europe who are ministering to these people from Africa.
