

ARLINGTON'S NEWS & NOTES

Bookmobile:

The bookmobile will be rotating their bi-weekly visits within each of our communities. The next scheduled visit, 1/15, will be at the North community, the following visit, 1/29, will be at the East community and on 2/12 in the South. Visits will still occur on a bi-weekly basis, and will continue in this rotation.

Channel Line Up:

Just a reminder that the majority of the analogue channels have been deleted as of January 12, 2026. They are trying to improve the signal quality for the cable that is included with the lot rent. Their goal is to remove all analogue channels except for channels 3, 4, 5, 6.

We have attached a copy of the new channel line up on the last page of this newsletter.

Attention Residents with Irrigation:

In accordance with the requirements set forth by the EGLE, The Michigan Department of Environment, Great Lakes and Energy, Arlington Woods water system agrees to implement the cross connection rules to protect our water supply system.

"Cross Connections" is defined as a connection or arrangement of piping or appurtenances through which a backflow could occur. "Backflow" means water of questionable quality, waste or contaminants entering the public water supply system due to reversal of flow.

Any resident with an underground sprinkling system must hire an ASSE certified inspector to have the vacuum breaker inspected. A copy of the inspection must be given to the office no later than June 30, 2021. This test must be done every 5 years and a copy filed with the office. A list of ASSE certified inspectors in Michigan is available online at <http://forms.iapmo.org/asse/certified/> or you can contact Lascko Plumbing at 231-725-2777 as they are local and are ASSE certified to perform this inspection.

Any repairs done to your irrigation must be inspected by an ASSE certified inspector and kept on file.

A Cross Connection Rules Manual is available in the office for you to review or answer any questions you may have.

Real Strawberry Frosting:

- 1 cup fresh strawberries
- 1 cup unsalted butter
- 3 ½ cups confectioners' sugar, sifted, divided
- 1 teaspoon vanilla extract

Place strawberries in a blender; purée until smooth.

Transfer strawberry purée to a saucepan over medium heat; bring to a boil, stirring often, until reduced by at least half, about 20 minutes. Remove from heat and cool completely.

Beat butter with an electric mixer in a bowl until light and fluffy. Beat in 1 cup confectioners' sugar until combined. Beat 2 tablespoons cooled strawberry purée and vanilla extract into butter mixture until just blended.

Beat in 1 cup confectioners' sugar until combined, followed by 2 tablespoons strawberry purée. Repeat this step once more.

Beat remaining 1/2 cup confectioners' sugar into mixture until just blended.
